Harrold's Gardener

Seeds, Bulbs and Plants For Planting Now. — May 1, 1949

HARROLD'S PANSY GARDENS & GREENHOUSES

P. O. BOX 29 - R — GRANTS PASS, OREGON.

Harrold's Hybrid Tuberous Begonias

PLANTS READY TO SET IN YOUR GARDEN

Grown From Select Tubers

These quality plants are ready to plant out on arrival. They may be potted for indoor culture or set after danger of frost in your garden is past. No other flower will give so much beauty in your yard beds, porch or window boxes or hanging baskets. Their cultural requirements are partial shade or even full shade if light is given. The successful culture is fully covered by our booklet which will accompany every shipment of either tubers or plants.

These tuber grown plants are grown from tubers that flowered before harvest last year and except during the earliest part of the shipping season some plants may be showing buds on arrival. They should not be confused with seedling plants that are most commonly offered at this time of year for they will flower earlier and longer, give more flowers because of the more robust plant growth. The flowering season on these if planted in May should, with suitable culture, extend from late June until frost. Shipping season on these will be from now until the end of July; or until stock becomes exhausted.

SAFE DELIVERY ALMOST ANYWHERE

While we have been shipping this material for many years, 1948 was our first season of shipping on a national scale. We were hesitant to extend shipping operations beyond 1500 miles from the gardens but with the development of advanced packing methods we have been able to ship to East Coast points with reports of perfect arrival. One gardener in Rochester, N. Y. reported "had I not known this shipment had been on the way for six days I would have thought it had been packed the morning it arrived." We feel that experience gained in shipping more than 1500 of these orders last year indicates they will arrive as safely as any other plants commonly delivered by mail.

THIS IS YOUR BEGONIA YEAR!

ORDER YOUR PLANTS NOW! !

A plant of Begonia, Camellia Flowered Giant Double. These are by far the most popular type and deservedly so because of their huge flowers brilliantly contrasted with the foliage.

HARROLD'S - As Near As Your Own Mail Box

Harrold's service is as near as your own mail box. Every price in this catalogue is prepaid to your door no matter where you live in the United States. We ship seeds to any part of the world and bulbs anywhere that export regulations will permit. We require that foreign customers supply customs invoice forms and import permits where required and will take no responsibility for regulations outside the U. S. A.

We have been shipping horticultural products for nearly 50 years and this experience along with cultural know-how is all at your service for the modest prices quoted herein. We'll look forward to serving you.

REMITTING FOR ORDERS

Remittance must accompany all orders. We do not ship anything C. O. D. Remit by check, money order, postal note or draft made payable to HARROLD'S. Sending currency is strictly at your risk. It is not safe for if lost in the mail it seldom can be recovered.

PLEASE ORDER EARLY IF POSSIBLE

The shipping of these plants and tubers is controlled by weather, growth and demand. The ordering of specific selections for early planting should be done just as early in the season as possible. We will ship all orders in the sequence of their arrival as rapidly as the development of the plants will permit. Our plantings are planned to give a large supply of plants from the beginning of May until the middle or end of July or later depending on how the stock meets the demand. Tubers may be sent promptly at this time of year. Seedlings are available from now until the end of June. You will help us to serve you better by anticipating your planting and ordering early.

We suggest that you give specific instructions about substitution in case of shortage. In the event no instructions are given we will use our best judgment sending the nearest substitute available. Our stock is large and we believe well balanced to the demand so we don't expect much substitution to be necessary.

HARROLD'S PEDIGREED STRAIN

Tuberous Begonias

AMERICAN BRED HYBRIDS

PLANTS

TUBERS

TUBER GROWN PLANTS: These are described on the front page of this folder. Available from now on until the end of July these will come into bloom quite soon after planting. They are recommended as being the best material for planting now to give the longest possible flowering season with the least care and effort on the part of the gardener.

DORMANT TUBERS: We can still supply a number of these in the finest varieties as long as our present stock lasts. They will remain available until we are sold out or until June 10 th. at which time we plant any tubers remaining in stock. Planted during May most of them will be showing sprouts and they soon leaf out and start making top growth. May planting will probably result in some bloom by the end of July if culture is suitable.

SEEDLING PLANTS: This year we offer some stock of these but only in those varieties specifically listed. But few novelties can be offered in seedlings. When planted during May and June these give a flowering season just about half as long as plants grown from tubers. We can not accept orders for these later than June 20 th.

All Prices Postpaid To Your Door

With our modern packing methods good delivery is almost certain anywhere. This improved packing, proven by more than 1500 of these shipments made last year to every State in the U. S. demonstrated that the delivery potential on these is just as good as that of any other plant commonly delivered by mail.

1949 NOVELTY INTRODUCTIONS

The Santa Group

This new group, the originations of Brown Brothers, is the latest thing in Tuberous Begonias. The stock we offer here is all direct from the originator and the descriptions are theirs. This group has been bred for outstanding color and form with improved habits. Grown by a new breeding method they approach in uniformity the results obtained by vegetative propagation but at a much lower cost than were they grown from cuttings or cutting the tuber.

SELECTIONS MAY BE ASSORTED WITHIN THIS GROUP
TO OBTAIN A QUANTITY PRICE.

SANTA ANA —

Huge double bright orange. Strong stems that bear the heavy flowers well for pleasing display.

SANTA BARBARA —

Deep yellow of the most outstanding shade ever produced. Here is one that's going to be exceedingly popular.

SANTA CLARA —

Apricot. The long petals give a very deep flower of outstanding substance.

SANTA CRUZ —

Largest deep red. A cross between Red Triumph and the English variety Sir Philip Sassoon. An immense beauty.

SANTA MARGARITA —

Light pink. A beautiful double ruffled flower.

SANTA PAULA —

Extremely large and desirable light salmon.

SANTA ROSA —

A deep rose, darker than Rose Dawn. Sturdy plant habit and a good husky flower stem.

ANY OF THESE AT THE SAME PRICE.

SELECT TUBER PLANTS READY TO SET: Price \$2.50 each; 3 for \$5.00; 6 for \$9.50; 12 for \$17.50.

TUBERS FOR PLANTING NOW: Price \$1.25 each; 3 for \$3.25; 6 for \$6.00; 12 for \$11.00.

Popular Standards

This group is the most commonly seen and the most popular of the Tuberous Begonia family. They are modest in price and very satisfactory for any type of planting. In no other group will your money buy so much beauty for so little.

GIANT CAMELLIA DOUBLE —

This is by far the most often seen type of Tuberous Begonias and is among the most showy. The male flowers are the most exquisitely formed and of exceptional size. Under good culture they are seldom less than 4 inches across and many flowers up to 10 inches across are produced. Colors are brilliant and luminous and so typical of this family of Begonias.

SELECT TUBER PLANTS READY TO SET: Color selection, your choice, apricot, orange, pink, red, rose, salmon, scarlet, yellow, white or a random mixture. Price 3 for \$2.00; 6 for \$3.00; 12 for \$5.00; 25 for \$9.50; 50 for \$18.00.

TUBERS FOR PLANTING NOW: Color selection available at press time, your choice, apricot, orange, pink, red, salmon, rose pink, scarlet, rose and yellow. Price 3 for \$1.00; 6 for \$1.50; 12 for \$2.50; 25 for \$4.50; 100 for \$17.00.

SEEDLING PLANTS: These are available in the following colors your choice, apricot, orange and salmon shades; red and scarlet shades; pink and rose shades. Yellow and white separately. Price 12 for \$2.50; 25 for \$4.75; 50 for \$9.00; 100 for \$17.00. Not less than 4 plants of a color.

GIANT CARNATION DOUBLE —

Double frilled with the petals' edges lacinated giving the appearance of huge florist Carnations. They are easily second to Camellia flowered in popularity. The flowers are huge and the colors striking.

SELECT TUBER PLANTS READY TO SET: Color selection, your choice, pink, orange, red, rose, salmon and white or a random mixture. Price 3 for \$2.00; 6 for \$3.50; 12 for \$6.00; 25 for \$11.00.

TUBERS FOR PLANTING NOW: Color selection available at press time, your choice, apricot, orange, pink, red, rose, salmon, scarlet, yellow and white. Price 3 for \$1.00; 6 for \$1.50; 12 for \$2.50; 25 for \$4.50.

SEEDLING PLANTS: These are available in the following colors your choice, apricot, orange and salmon shades; red and scarlet shades; pink and rose shades. Yellow and white separately. Price 12 for \$2.50; 25 for \$4.75; 50 for \$9.00; 100 for \$17.00. Not less than 4 plants of a color.

CRISPA or SINGLE FRILLED —

This is probably the most popular of the single flowered types. Flowers while single have heavy ruffling around the outer edge of the petals, somewhat after the style of Petunia Super Fluffy Ruffles only flowers are larger. This strain is much improved in the heaviness of ruffling and coloring is of course typical of the Tuberous Begonias. Flower size is moderately large.

SELECT TUBER PLANTS READY TO SET: Color selection, your choice, apricot, orange, pink, red, rose, salmon, yellow and white. Price 3 for \$2.00; 6 for \$3.50; 12 for \$6.00; 25 for \$11.00.

TUBERS FOR PLANTING NOW: Color selection available at press time, your choice, apricot, orange, red, rose, scarlet, yellow and white. Price 3 for \$1.25; 6 for \$2.00; 12 for \$3.50; 25 for \$6.50.

SEEDLING PLANTS: These are available in this type in mixed colors only. Price 12 for \$2.50; 25 for \$4.75; 50 for \$9.00; 100 for \$17.00. Not less than 12 plants sold.

HANGING BASKET — (Pendula)

Double flowered plants of pendent habit especially adapted for planting in shaded window boxes, hanging baskets and we especially suggest them as being unusually novel and attractive when planted in the rockery. While flowers produced are not large, usually 2 to 4 inches across, they are developed in such numbers that the plant is always a mass of color. Plants frequently have hundreds of flowers in bloom at one time. These are one of the most popular so order early.

SELECT TUBER PLANTS READY TO SET: Color selection, your choice, apricot, orange, pink, red, rose, salmon, scarlet and yellow or a random mixture. Price 3 for \$2.00; 6 for \$3.50; 12 for \$6.00; 25 for \$11.00.

TUBERS FOR PLANTING NOW: Color selection available at press time, your choice, orange, pink, red, rose, salmon and yellow. Price 3 for \$1.25; 6 for \$2.00; 12 for \$3.50; 25 for \$6.50.

SEEDLING PLANTS: These will be available in orange, salmon and pink shades; red, scarlet and rose shades, yellow and white separately. Price 12 for \$2.50; 25 for \$4.75; 50 for \$9.00; 100 for \$17.00. Not less than 4 plants of a color supplied.

POPULAR ASSORTMENT —

This is a general random mixture (no choice) made up from the above four types and in a full range of colors. To this we are adding about 20% in plants from our breeding work to supply that novelty and interest in growing something surprising and new. A really fine source of stock for general bedding at the most economical price to be found on quality American stock.

SELECT TUBER PLANTS READY TO SET: Price 4 for \$2.00; 8 for \$3.00; 12 for \$4.50; 25 for \$8.50; 50 for \$16.50; 100 for \$30.00.

TUBERS FOR PLANTING NOW: Price 4 for \$1.00; 8 for \$1.50; 12 for \$2.25; 25 for \$4.00; 50 for \$8.00; 100 for \$15.00.

SEEDLING PLANTS: Price 12 for \$2.00; 25 for \$3.90; 50 for \$7.50; 100 for \$14.50.

Super - Novelties

This group consists of named varieties which are very desirable in your collection. They have been grown to the type or color which has been so characteristic as to set them apart from the ordinary stock. You will find them most interesting to grow and especially worth-while if you are a Begonia fancier.

AMERICAN WONDER —

A HARROLD EXCLUSIVE - Ruffled Camellia type of cerise-rose. One of the largest of this type we have seen. Exquisite form and coloring.

SELECT TUBER PLANTS READY TO SET: Price \$1.25 each; 3 for \$3.00; 6 for \$5.50; 12 for \$10.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.00.

ATOMIC GOLD —

A HARROLD EXCLUSIVE - Ruffled Camellia type of large size. Exquisite form and a brilliant flame-orange shade.

SELECT TUBER PLANTS READY TO SET: Price \$1.25 each; 3 for \$3.00; 6 for \$5.50; 12 for \$10.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.00.

GORGEOUS —

A HARROLD EXCLUSIVE - Very large Camellia type well ruffled. Color is a luscious salmon-rose.

SELECT TUBER PLANTS READY TO SET: Price \$1.25 each; 3 for \$3.00; 6 for \$5.50; 12 for \$10.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.00.

MARTIANA or HOLLYHOCK —

VERY NOVEL: Produces an attractive deep pink flower on spire like stalks resembling a Hollyhock. The stems are 2 to 3 feet tall in the average garden. Excellent for either pot or bedding culture. Something really different.

SELECT TUBER PLANTS READY TO SET: Price \$1.50 each; 3 for \$4.00; 6 for \$7.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50.

RED TRIUMPH —

Ruffled Camellia type and one of the largest Begonias known. Color is deep ruby-red with distinctive velvety texture. Requires good culture to develop full size.

SELECT TUBER PLANTS READY TO SET: Price \$1.50 each; 3 for \$4.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50.

ROSE DAWN —

NEW - A Camellia type of huge size especially adapted to pot culture. Forces the best of any of this group for the fall holidays. Color is a delicious shade of light rose.

SELECT TUBER PLANTS READY TO SET: Price \$1.25 each; 3 for \$3.00; 6 for \$5.50; 12 for \$10.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.00; 25 for \$15.00.

STARS and STRIPES —

A unique novelty. Double Camellia type. Color is dark red speckled and striped with pure white. Flowers are not so large but they are produced literally by the hundreds over the flowering season.

SELECT TUBER PLANTS READY TO SET: Price \$1.25 each; 3 for \$3.00; 6 for \$5.50; 12 for \$10.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50.

SUNSET —

A profusely frilled Crispa type. Its coloring is exquisite with its copper ground with a red edge.

SELECT TUBER PLANTS READY TO SET: Price \$1.25 each; 3 for \$3.00; 6 for \$5.50; 12 for \$10.00.

TUBERS FOR PLANTING NOW: Price \$1.00 each; 3 for \$2.50; 6 for \$4.50; 12 for \$8.00; 25 for \$15.00.

FANCIER'S ASSORTMENT —

Here is an especially attractive mixture of all types and colors. Included in this are many of the best novelties as well as some new stock as yet unreleased. A very interesting mixture.

SELECT TUBER PLANTS READY TO SET: Price 3 for \$3.00; 6 for \$5.00; 12 for \$8.00; 25 for \$15.00.

TUBERS FOR PLANTING NOW: Price 3 for \$2.50; 6 for \$4.00; 12 for \$6.00; 25 for \$11.00.

SEEDLING PLANTS: Price 12 for \$3.00; 25 for \$5.00; 50 for \$9.50; 100 for \$18.00.

HERE IS THE LATEST ON CULTURE

"TUBEROUS BEGONIAS"

By Worth Brown

For the amateur or specialist here is a complete guide to the successful culture of these striking and colorful plants. With his brother, Allen Brown, Mr. Brown operates probably the largest breeding and growing establishments specializing in growing these plants in America. Many of the varieties we offer here in this catalogue are their originations.

The book is 128 pages, cloth bound. It contains 63 line drawings as a guide to your greater enjoyment of this family along with text in clear detail covering the family by types; propagation by seed or vegetatively; culture outdoors or as a house plant; dormant tubers; pests and disease and lath house construction and use. Published in 1948.

ORDER YOUR COPY NOW \$2.75 POSTPAID.

Popular Novelties

This group consists of popular types which add interest to any planting of these most interesting plants. They are types or colors not found in the stock composing the popular standards.

ROSEBUD DOUBLE —

A really beautiful type. While the flowers are of medium size they are profusely produced and the unique form of the flower is striking. It closely resembles the bud of a Hybrid Tea rose and develops into a full blown rose type flower. Colors are in mixture only with beautiful rose and pink shades.

SELECT TUBER PLANTS READY TO SET: Price 2 for \$1.50; 6 for \$4.00; 12 for \$7.50.

TUBERS FOR PLANTING NOW: Price 3 for \$1.50; 6 for \$2.75; 12 for \$5.00; 25 for \$9.00.

SEEDLING PLANTS: Price 12 for \$4.00; 25 for \$7.50; 50 for \$14.00; 100 for \$25.00.

MARMORATA —

A fine double flower of medium size that this plant produces in great numbers so that it is always a remarkable display. Coloring is a beautiful rose mottled white.

SELECT TUBER PLANTS READY TO SET: Price 3 for \$2.00; 6 for \$3.00; 12 for \$5.00; 25 for \$8.00.

SEEDLING PLANTS: Price 12 for \$3.50; 25 for \$6.00; 50 for \$11.00.

MARGINATA —

Similar in type to Crispa, in fact it is a crispa type. It is striking because the flowers are either white with pink edge or salmon with copper edge. They are mixed, no choice.

SELECT TUBER PLANTS READY TO SET: Price 2 for \$1.50; 6 for \$4.00; 12 for \$7.50.

SEEDLING PLANTS: Price 12 for \$3.50; 25 for \$6.00; 50 for \$11.00.

PICOTEE DOUBLE —

Flowers of the Camellia type and quite double. Usually quite large. They are distinctive because of the two-tone coloring usually in soft shades with the edge of each petal a different shade than the base. Unusually attractive in a wide range of soft and pastel shades.

SELECT TUBER PLANTS READY TO SET: Price 2 for \$1.50; 6 for \$4.00; 12 for \$7.50.

TUBERS FOR PLANTING NOW: Price 3 for \$1.25; 6 for \$2.00; 12 for \$3.50.

SEEDLING PLANTS: Price 12 for \$3.50; 25 for \$6.00; 50 for \$11.00.

CRISTATA or CRESTED —

A single frilled type having a tuft or pompon crest on the center of each flower petal. This gives a novel effect that is very attractive and once you have seen them you will want more in your collection. The flowers are quite large in a wide color range, many with interesting two-tone combinations.

SELECT TUBER PLANTS READY TO SET: Price 3 for \$2.00; 6 for \$3.00; 12 for \$5.00; 25 for \$8.00.

SEEDLING PLANTS: Price 12 for \$3.50; 25 for \$6.00; 50 for \$11.00.

EXOTIC ASSORTMENT —

A mixed assortment, not labeled, of varieties in this Popular Novelty group along with 25% of the selection from new hybrid types and colors from our breeding work. A happy hunting ground for the hobbyist who is building a collection of odd types and colors.

SELECT TUBER PLANTS READY TO SET: Price 3 for \$2.00; 6 for \$3.00; 12 for \$5.00; 25 for \$8.00; 50 for \$15.00.

TUBERS FOR PLANTING NOW: Price 3 for \$1.25; 6 for \$2.00; 12 for \$3.50; 25 for \$6.50.

SEEDLING PLANTS: Price 12 for \$2.50; 25 for \$4.75; 50 for \$9.00; 100 for \$17.00.

FOR BETTER BLOOM FEED YOUR BEGONIAS WITH

HARROLD'S BEGONIA-GROW

Apply As The Plants Start To Bloom

Now Is The Time To Order Your Seasons Needs

Many of our gardening customers find it impossible or inconvenient to procure the cow manure so desirable for good culture of Tuberous Begonias. This need is answered in a convenient way through the use of this compound which we call HARROLD'S BEGONIA GROW. It is a compound of entirely organic elements supplementing the residual food supply of your soil to the advantage of these plants. It will not take the place entirely of a reasonable fertility of the soil but it will improve the results from almost any normal planting condition. It has helped thousands of Begonia hobbyists to pleasing success and was developed through use in our own growing operations.

Apply to the planting as the flowers start to develop and open. Now is the time to order enough of this material to treat your entire planting. It is applied at the rate of one pound for each 10 to 14 plants in accord with full directions that accompany every package. The resulting feeding when applied as directed lasts over a long period of time, practically the entire flowering season as each time you water the bed you release more of the food to the plant.

This same compound has proven quite successful with other plants commonly grown in partial shade. These are Fuchsias, Pansies, Violas, Violets, Columbine and practically any window box plant as well as pot plants grown indoors. There is no objectionable odor so it may be used anywhere.

PACKAGED IN CONVENIENT SIZE.

Packages for 12 tubers are 50¢ each; 50 tuber package \$2.00; 100 tuber package \$3.75 postpaid. Available in bulk by express or freight collect at .25 pounds for \$6.25; 50 pounds for \$10.00; 100 pounds for \$18.50. Apply to plants other than Begonias at the rate of 10 pounds per 100 square feet of bed.

Here IS A Novelty!

Fuchsia Seed

The growing of Fuchsias from seed is a fascinating project for your hobby gardening. They afford the delightful interest of surprise for you may easily grow something entirely new and outstanding and with these seeds of finest breeding from one of the countrys finest collections practically all of the plants produced should prove worth-while.

CULTURE IS RELATIVELY EASY.

We supply a complete culture sheet with every shipment of seeds which explains the cultural requirements and how they may be met with the material at hand in the average gardeners equipment. It usually takes from 8 months to one year to bloom the seedling plants and the best time to plant is between May and December. Such planting will afford plants that should, under reasonable culture, bloom the following spring and summer. Planting during the rest of the year may be done but it usually results in a longer period to blooming stage.

BODGER'S SUPERLATIVE MIXTURE - Here is the ultimate in seed quality. These seeds are the result of crosses between plants having the American Fuchsia Society "A" or "B" ratings. Such varieties as Anna, Titanic, Pan American, Collingwood, Marionette, Ava Maria, Star Gazer, Red Spider, Diadem, Radiance, Sunburst, Heavenly Blue, Hollydale, Lucky Strike, Falling Star, Rosemarye, Sacramento, Treasure and Trumpeter. These are all varieties introduced during the past ten years. A grand foundation stock for your Fuchsia collection. These seeds per Pkt. of over 100 seeds \$2.00; 3 Pkts. for \$5.00.

DOUBLE AND SINGLE MIXED - From a most choice collection of named plants in a full range of colors. Per Pkt. of over 100 seeds \$1.75; 3 Pkts. for \$4.00.

Outstanding Primroses

There is hardly a garden subject that will give more color than Primroses in early spring except Pansies and planted freely in your garden you are sure of a display of color that will make all your gardening friends envious. Planted together they make a very desirable planting with the Pansies extending the flowering season of the Primroses for many weeks.

GIANT IMPROVED Polyanthus - Veris Hybrids HARROLD'S Pedigreed GIANTS

This is a new race of these lovely flowers having a varied and extensive color range, robust plant habit and the largest flowers of any of the Polyanthus types. Many of our gardening friends who have tried them tell us they have found nothing to equal them. They are the results of long years of breeding and improvement of strain until they will, under good cultural conditions, give the ultimate in results.

Demand has been so great since their introduction that as yet no separate color seeds have been offered from this strain. In mixture you obtain all the best giant hybrids and if color segregation is desired this may be done as the plants bloom. The color range includes yellow, red, white and purple of striking size and shades as well as the less common pastel, pink, flame, bronze and blue shades. The amount of blue is not large for so few blue plants as yet meet the dimensions of the rest of this strain. The markings are self, blotched and laced with all the variations of this type.

SEEDS OF THESE: Planted now these will make fine plants for fall transplanting and good bloom next spring. Price per Pkt. about 200 seeds \$1.00; 3 Pkts. for \$2.50; 1/4 lb. ounce, about 1500 seeds for \$5.00.

SEEDLING PLANTS: Planted last fall these are a good stock to transplant this spring into your 1950 Primrose bed. Set now and give them a good start. Price 25 for \$2.50; 50 for \$4.50; 100 for \$8.00; 250 for \$20.00. Postpaid.

LARGE 2 YEAR OLD PLANTS: These will make heavy clumps for next spring blooming. Price 6 for \$2.00; 12 for \$3.50; 25 for \$6.00; 50 for \$11.00; 100 for \$20.00; 250 for \$40.00. Postpaid.

PLANT ORDERS that can't be shipped by May 15th will be held over for the fall shipping season beginning September 1st. For spring planting order early.

OTHER DESIRABLE PRIMULA

CANDELABRA: P. pulverulenta. Flower stalks are to 3 feet, flower heads consist of florets an inch or more in diameter. Coloring is brilliant purples and reds, many with orange brown eye. These are excellent for planting around a pool or on stream banks where they will get good summer moisture but good winter drainage. They are leafless in winter. Seeds only, per packet of about 150 seeds 50¢; 3 Pkts. for \$2.50.

AURICULA PRIMROSES: A popular alpine for shaded rockery. Requires a simulated mountain situation, that is, sandy rocky soil and good drainage. Flowers are quite large in medium sized clusters and coloring is exclusive to this group. Our mixture contains shades of yellow, brown, blue, red, rose and many pastel shades usually with an attractive contrasting center blotch in each floret. Seeds per Pkt. of about 200 seeds \$1.00; 3 Pkts. for \$2.50.

CASHMIRIANA: A very interesting alpine type. Plants are about 10 inches high and produces dense heads of lilac flowers, the florets of which are about half an inch across. Seeds, per Pkt. about 200 seeds for \$1.00; 3 Pkts. for \$2.50.

OTHER INTERESTING POLYANTHUS.

These are true strain Polyanthus and are hardy almost anywhere with a little protection. In our mild coastal climate good drainage and practically no winter protection is required.

OREGON GIANTS: A very large strain from an outstanding Oregon specialist. These seeds are from the best plants of his collection and are very fine. We believe they will equal any true Polyanthus you can find. Giant in size with a wide color range this mixture is heavy in the soft and pastel shades.

OLYMPIC GIANTS: Still another very fine strain from an outstanding collection of a Washington State primula specialist. Basically from Pfitzer's Colossea and English types but rebred to American cultural needs and color standards. Either of these types are better suited to our domestic culture than seed freshly imported from European growers, the principle source of the cheaper seeds.

SEED PRICES for either of these two varieties per Pkt. about 200 seeds for \$1.00; 3 Pkts. for \$2.50; 1/4 lb. ounce, about 1500 seeds for \$5.00.

NOTE: On primula seeds where the packet units list at the same price you may order 3 packets for \$2.50 to be of 3 different varieties.

RANUNCULUS

RANUNCULUS: Giant double. (Persian Buttercups) Few flowers produce such beauty and color with so inexpensive a start. In climates where temperature stays above 25 degrees they winter over without mulch. In colder locations some winter protection must be given. As with all bulbs, winter drainage must be good. A moderately rich soil is desirable for these, with a light shaded position.

COLORS: Gold, orange, pink, red, white and a fine mixture, your choice.

PRICE 12 for \$1.00; 25 for \$1.75; 100 for \$5.50; 250 for \$11.00. Free culture sheet with each shipment.

CONDITIONS OF SALE

PLEASE READ BEFORE ORDERING.

The prices we have quoted herein are all delivered to your door by Parcel Post no matter where you live in the U. S. A.. We have been shipping plant products for nearly 50 years so can afford good delivery.

NO MAIL ORDER FOR LESS THAN \$1.00 ACCEPTED.

Present operating costs are such that strict adherence to this rule is necessary. Basic clerical costs are the same no matter what size the order and packing of small orders is proportionately higher. **MINIMUM QUANTITIES:** Are specified in this price list. Normally all orders for several varieties will be priced at the rate given for each individual item in the quantity ordered rather than as a combination unless combination privilege is specifically given. In all cases where intermediate quantities are ordered they will take the price rate of the **NEXT SMALLER** quantity.

SUBSTITUTIONS

Specify if substitution is not acceptable otherwise we will use our best judgement in sending the best available substitute. Change in your order will never be made as long as stock remains available.

BUSINESS HOURS AT THE NURSERY.

Week days 10:00 A. M. to 5:00 P. M. Closed to the public on Sundays.

CONDITIONS OF SALE

All offers made subject to stock remaining available until order can be reached in rotation if its arrival. Early ordering is the best assurance of early deliveries. Shipment is subject to weather or cultural conditions beyond our control. Once an order has been incorporated into our shipping schedule (acknowledged) it may not be canceled.

PAYMENT - ALL MAIL ORDERS MUST be accompanied by full remittance either by check, postal note, money order or draft. On personal checks from the State of Minnesota please remit 10¢ to cover charge made to payee on these checks. Remittance from outside the U. S. A. must be by money order or bank draft on New York or San Francisco, collectable at par in United States funds. **CURRENCY** sent by mail is at your own risk. Canadian currency can not be accepted. **STAMPS** will be accepted in denominations of 10¢ or less up to 50¢ only. Special handling or foreign transportation will be charged for at cost. Customs invoice forms for export must be supplied by the purchaser.

MAKE REMITTANCE PAYABLE TO - HARROLD'S

NO GUARANTEE GIVEN - In common with normal practice in the seed and nursery trade we give no specific guarantee as to results or crop produced from any material we send out. Under no conditions will we ever assume a responsibility in excess of the actual purchase price received for the merchandise. It should be obvious that such a guarantee of results is impossible because of the varied conditions under which culture will be undertaken as well as the vast difference in the skill of the gardener who will care for the material. Extreme care is taken to produce the finest procurable material and deliver it in the very best of condition. Any case of poor arrival or dissatisfaction must be reported within ten days after the arrival of any shipment and the invoice covering the material **MUST** be returned with the report. Adjustment of any matter shall be at our option and may be by replacement in identical material ordered, by credit memo on future purchase or by cash refund.

FOLLOWING THESE RULES WILL MAKE BETTER SERVICE POSSIBLE
